# CORPORATE PROFILE

# TESTIMONIALS

## **JAIN MATHEW**

“The exceptional training I received at HCI is the only reason I could successfully PASS the NCLEX-RN test. The excellent online sessions by my mentor, Jeril Sir and the awesome technology platform, Future LMS was as effective as sitting in a real-time classroom session. The learning experience is out of this world. Thank you, Jeril Sir. Thank you, HCI. I am recommending my friends to HCI to crack the NCLEX-RN.

## **GLADIS T. J**

“I wish to extend my sincere gratitude towards the faculty and management of HCI for helping me achieve the desired scores in the OET. Having attempted IELTS multiple times, securing a B score in all the 4 skills in my first attempt is a great relief. A special thanks to all the faculty members who provided individual attention and trained me for the exam. I would also like to thank MWT consultancy for suggesting this institute for OET preparation course.

## **MARIYA ELIAS**

“I am Mariya Elias, a graduate in Biotechnology engineering from Sahrdaya college of engineering and technology. In December 2019, I joined HCI for PGD in Clinical research and Data management course. I got placed in IQVIA as process analyst in January 2020. I sincerely thank all the HCI faculties and staff for their continued support and guidance.

## **NIMISHA JOHN**

“I really enjoyed the IELTS classes offered at HCI and found it to be immensely useful. Thank you for all your support and guidance. During the exam, I found the Reading module quite hard but all other modules were quite easy to attempt. I shall let you know my IELTS score.

# HEALTH CAREERS INTERNATIONAL AUSTRALIA

**Our vision is to become a flagship provider of healthcare education and to be the first private healthcare university in Australia by 2030**

Strategically headquartered at one of the world's favourite destinations, Australia, **Health Careers International (HCI)** is an elite group of companies that specialize in education as well as the systems to develop the careers of healthcare professionals around the world. HCI commenced operation in India in 2002 and expanded to Australia in 2007. Today, with a turnover of around 100 crores globally, HCI employs 500 staff across the globe and has trained over 18,000 students from all corners of the world. HCI offers Vocational and Post Graduate education, training and continuing professional development programs through campuses in Melbourne, Sydney, Perth, Cochin (India) as well as international partnerships in India, Philippines, Malaysia and GCC. HCI's Online and flexible learning, supported by simulation training in a nursing laboratory and professional work placements at healthcare facilities allow students to balance their study and work commitments. By leveraging the latest technologies and collaborative tools in

the design and delivery of its training programs, Health Careers creates new opportunities for students around the world to develop and enhance their skills, as well as for Governments and healthcare organisations to effectively develop the future health workforce.

**MWT Global Academy India** is a core subsidiary of Health Careers International Australia, and was established in 2002. **It comprises of three divisions: MWT Education Consultancy, MWT Technologies, MWT Global Academy.** The HCG Group, earlier known as the MWT Group, has its humble beginnings from Chennai. Today, with operations that span geographies, the group is a leading player in healthcare education, overseas consultancy for student recruitment, software development and technologies. The Health Careers Group of companies has been recognized for excellence in all-round quality management and has been awarded the prestigious ISO 9001:2015

# ABOUT US

MWT Global Academy embarked on its journey in 2012 and is one of India's fastest growing providers of accredited continuing education for nurses and other health care professionals, both at national and international levels.

As a fully owned subsidiary of the **Health Careers International**, based in Australia, we aim at becoming the preferred training partner for healthcare organisations (HCOs) across India, and offer Nursing excellence programs that assist practicing nurses to elevate their knowledge and skills to global standards. MWT Global Academy, Kochi, is an accredited campus of the Institute of Health and Nursing Australia (IHNA).

At MWT Global Academy, we stay abreast with the current developments in the healthcare industry, and deliver healthcare programs that focus on skill development, and improve patient outcomes, using the latest medical

technologies and techniques. Being pioneers in innovation, we believe in evidence-based practice and global learning systems. Our user-friendly online learning environment is backed with the latest in software development and ongoing support services. The nursing labs at the institute are equipped with world class manikins and equipment as per international healthcare standards.

Graduates from MWT Global Academy are well qualified, highly competent, dedicated and caring professionals, and have made their mark in global healthcare environments. Through our global network, we are able to connect our graduates with placement opportunities in leading healthcare institutions, giving them a head start in a rewarding and fulfilling career. What makes MWT Global Academy stand apart from the crowd is our adaptability to progressive change, and our relentless endeavour to sustain quality and integrity at all times.

# DIRECTOR'S DESK

As the Director of Studies at MWT Global Academy – the international provider of career advancement programs for health professionals – I feel honoured to warmly welcome you to MWT Global Academy.

We uphold the values of innovation, caring and excellence, all the while steering ahead to enhance the lives of those around us. We extend efficient training and mentoring programs to nurses as well as health care professionals as they aspire to set up a bright career in India or abroad. Highly qualified, experienced and dedicated faculty, state-of-the-art simulation labs / classrooms and the implementation of world-class software technologies are the hallmarks of HCI that has enabled us to be the most sought-after organization for nurses who wish to migrate.

At MWT Global Academy, we prepare the aspirants for both the language as well as the licensure examination of their choice (Middle East, NCLEX, OSCE and so forth). The unique offer we extend to our students is overseas placement for those who are eligible. This is taken care of by the Placement Division of our sister concern, MWT Education Consultancy.

We believe in teamwork with a passion for growth and excellence. We are proud to state that MWT Global Academy has played an instrumental role in assisting thousands of aspiring health care professionals worldwide to build a promising career and secure life in the Middle East, Europe and Australia.

Along with all the members of the growing MWT Global Academy family, I welcome you wholeheartedly to our Institute and look forward to associating with you in your journey to fulfill your dreams.

Together let's build a great future.

**Dr. Philomina Jacob, PhD (N)**  
**Director of Studies**

# PRINCIPAL'S MESSAGE

Students who wish to achieve success in their careers must have updated skills and knowledge that are aligned to the current industry needs and demands. At MWT Global Academy, we offer our students a platform where they can access the best of learning experiences through robust educational programs that are developed by healthcare experts.

MWT Global Academy is renowned for our industry-relevant courses that are delivered using the latest technology platforms. Our course curriculum is designed with a blend of hands-on practical training that supplements theoretical learning, making our graduates job-ready on course completion. Our learning environment is on par with global standards, ensuring that our students can hold their own against the best professionals from across the globe. We guide and mentor our students to set high standards for themselves, so that they can maximize their own potential and reach new career heights. All these are contributors to our students' success.

There is great promise for the future of healthcare, with new advancements in medical technology happening every day. We look forward to meeting tomorrow's new challenges by equipping ourselves and our students with the latest in healthcare education and training.

# CURRICULUM RESEARCH AND DEVELOPMENT (CRAD) – MWT GLOBAL ACADEMY KOCHI

MWT Global Academy's Curriculum Research & Development (CRAD) conducts research and contributes to the body of professional knowledge and global practices in healthcare education. We develop various healthcare and language courses for our parent organisation and third-party clients, in line with global accrediting bodies and standards. Our study programs are aligned to the standards of professional competency laid out by ASQA (Australian Skills Quality Authority) and TEQSA (Tertiary Education Quality and Standards Agency).

All our courses and curriculum are created and developed by subject matter experts with real-world experience, and are put together using the most advanced learning dissemination technologies.

Our subject matter experts are professionally qualified with competency to deliver Certificate 4 training and assessments from Australia.

Our technical team combines a wealth of

expertise in Learning Solutions and uses the most advanced tools and platforms in contextualisation, interactive scripting (SCROM, Articulate 360), assessment tool preparation and trainer resources (trainer guide, lesson plan, validation documents). Courses are well structured with PowerPoint modules, Learner Guides, Session Plans and so on and take the learners on a journey that prepares them with job-ready skills and knowledge. Each course goes through stringent quality checks to ensure in-depth knowledge deliveries and authenticity of content.

To ensure a satisfactory student experience, our support team is at hand 24\*7 to support students and trainers through the course delivery, and beyond. Student surveys, follow ups and tutoring support is offered to ensure that students come up to speed with the level of competency required to successfully complete each study program.

# WHAT MAKES US DIFFERENT?

MWT Global Academy courses provide quality assured training for the healthcare industry. We have made a positive contribution to the revolution in health care training, with courses that are relevant to the industry, following current trends, and providing comprehensive and structured knowledge.

- MWT Global Academy is accredited by International Organisation for Standardization (ISO)
- Member, Quality Council of India (QCI)
- We are affiliated with American Heart Association (AHA), Institute of Health & Management (IHM) and Institute of Health and Nursing Australia (IHNA)
- We have our own Curriculum Research & Development team
- We provide a full-fledged e-learning platform
- We offer technology-enhanced learning experiences
- We have impeccable infrastructure facilities and well-equipped labs
- We have well qualified and accomplished educators
- We provide courses all over India.

Established in 2007, the Institute of Health and Nursing Australia (IHNA) offers career-focused, outcome-driven training that leads to rewarding careers in nursing, health, and community services, improving people's lives and giving back to the society we live in. Our campuses across Melbourne, Sydney, and Perth are equipped with state-of-the-art infrastructure and modern technologies to deliver hands-on, experiential learning and foster critical thinking and research capabilities.

With the vision of being a global provider of quality vocational education and training for the healthcare sector to achieve industry 4.0 goals, IHNA offers a suite of accredited certification and Diploma programs for

healthcare professionals. We also develop and deliver courses that prepare students for overseas Licensure exams, and helps them to acquire global competencies in nursing.

At IHNA, we firmly believe that education must transcend geographies, and should bring students on par with advancements in the global healthcare industry. We are able to do this by partnering with educational institutions and organisations that share these global aspirations. We leverage our strong connections with our network of partners in countries like Australia, UK, Canada, New Zealand and more, to make our mission of 'creating jobs and improving lives' a reality!

**MWT Global Academy, Kochi, is an accredited campus of IHNA, authorized to deliver courses online and on campus.**

## FLORENCE NIGHTINGALE

May we hope that when we are all dead and gone, leaders will arise who have been personally experienced in the hard, practical work, the difficulties and the joys of organizing nursing reforms, and who will lead far beyond anything we have done.

Take her words to heart and prepare yourself to contribute to the reforms that will take place in our lifetime. We have much to contribute.
